Admission criteria

1. The program is addressed exclusively to foreign nationals of EU and non-EU countries (National ID card and passport will be required for proof).
2. Eligible applicants should have attended the final two classes of high school (or equivalent school) in a foreign country and should have obtained a high school diploma (JUNE 2022 or earlier) or other equivalent secondary education diploma that entitles them to admission to higher education institutions in the country where they graduated. (A high school graduation diploma and two final years' academic transcripts will be required, both in the original language and in an official translation in English).
3. Eligible applicants should have obtained the following:
 - A) International Baccalaureate (IB) with at least 38 points overall, including three higher level subjects (two of them should be selected from Physics, Chemistry, Biology), and three standard level subjects,

or

 - B) Senior High School graduation diploma (other than IB) AND successful examination in one of the following tests: A-levels with minimum grades AAB at least in Chemistry, Biology and any other course other than English, BMAT (Biomedical Admission Test), MCAT (Medical College Admission Test), UCAT (University Clinical Aptitude Test), or national university entrance exams at their home country.

C) Certificate of competency in English – at least the B2 level

- TOEFL score (with a minimum score 80/120)
- IELTS: Overall score of 6.5 or above, with at least 5.5 in each component.
- First Certificate in English (FCE): B2

Candidates who are English native speakers or have a graduation diploma from a high school with the instruction in the English language, are exempt from submitting a certificate of competency in English.

IMPORTANT DATES

- Applications will be submitted until April 30th, 2022
- Applicants will be notified about their possible acceptance until June 15th, 2022

APPLICATION PROCESS

Step 1: Start your application

Go to <https://medicen.uoa.gr> and press **Apply Now**

Notice that documents marked with an asterisk (*) are required

APPLICANTS	Documentation required
WHO HAVE ALREADY OBTAINED A HIGH SCHOOL GRADUATION DIPLOMA	<ul style="list-style-type: none">•National ID card* and passport•graduation diploma and final two years' academic transcript*, both in the original language and official translation in English.<ul style="list-style-type: none">- In case the school graduation diploma is obtained by an IB school after 12 years of education, a minimum of 38 points overall including three higher level subjects (two of them should be selected from Physics, Chemistry and Biology) and three standard level subjects, is required- In case the school graduation diploma is obtained by a non-IB school, High School Graduation Diploma, AND submission of successful examination results in either A-levels with minimum grades AAB at least, in Chemistry, Biology and any other course other than English; BMAT (Biomedical Admission Test); MCAT (Medical College Admission Test); UCAT (University Clinical Aptitude Test); or national university entrance at their home country, as well as an English language competency certificate•English language competency certificate*(not required for English native speakers and for IB school graduates),

	<ul style="list-style-type: none"> •short curriculum vitae* •a brief personal statement*, to outline your reasons for wishing to enroll in the program <p>Reference letters</p>
<p>WHO ARE IN THE FINAL HIGH SCHOOL GRADE</p>	<ul style="list-style-type: none"> •National ID card* and passport • academic transcript of the previous (pre-final) high school year* both in the original language and official translation in English. •statement of enrolment for the current year both in the original language and in English •current year’s most recent transcript of records*, both in the original language and in English <p>In case the school graduation diploma will be obtained by a non-IB school, successful examination results in either A-levels with minimum grades AAB at least, in Chemistry, Biology and any other course other than English; BMAT (Biomedical Admission Test); MCAT (Medical College Admission Test); UCAT (University Clinical Aptitude Test) are/will be required, as well as an English language competency certificate</p> <ul style="list-style-type: none"> •English language competency certificate*(not required for native speakers and for IB school graduates), •short curriculum vitae* •a brief personal statement*, to outline your reasons for wishing to enroll in the program <p>Reference letters</p>

Following your initial application, you will obtain an application ID.

The Admission Office will then:

- check your credentials
- inform you about your eligibility for admission to the program and perhaps suggest additional steps you could take to meet the admission requirements

Step 2: Finalize your application

As soon as you have all the required documents in hand, you should finalize the application.

At this stage, you must have certified your original documents and their official translation into English.

•either by having the **Apostille** attached to them, if your country is a member of the Hague **Apostille** Convention. Find **Apostille** countries in <https://www.apostille.org.uk/apostille-countries>

•or by having them certified by a **Hellenic Consulate or Embassy office** in your country.

Subsequently, using you application ID you should upload

•Your graduation diploma, both in the original language and in English, certified as described above.

•Final year academic transcript or IB scores or, additionally, other test results as described above for non-IB school graduates, both in the original language and in English, certified as described above.

•English language test results, if you had not provided them in the first step (not required for native speakers and for IB school graduates),

•If you are a last-year senior high school student, you might not have your diploma in hand yet. You still need to have your most recent academic transcript certified as well as the previous school year's academic transcript.

Step 3: Potential Interview

If you are eligible for admission, you may be invited to an interview via online video conference.

Step 4: Notification of acceptance

A formal letter of notification of acceptance will be sent to you

Step 5: Pay the tuition fees

Please follow the instructions to pay the amount of 13,000€ to the National and Kapodistrian University of Athens.

Health insurance

You should have arranged for private health insurance, covering your stay in Greece during your studies before you can enroll in the program. In case you need assistance, our Admission Office can help you with this process.
